

DEPARTMENT OF PERSONNEL ADMINISTRATION

OFFICE OF THE DIRECTOR

1515 "S" STREET, NORTH BUILDING, SUITE 400
SACRAMENTO, CA 95814-7243

July 30, 2007

The Honorable Denise Ducheny
Chair, Joint Legislative Budget Committee
State Capitol, Room 5035
Sacramento, California 95814

Re: Bargaining Unit 3: Professional Educators and Librarians, SEIU**Addendum to Memorandum of Understanding—Fiscal over \$250,000**

This is to advise you that an addendum to a memorandum of understanding (MOU) has been recently agreed to by the Department of Personnel Administration and the above bargaining unit. In accordance with Government Code Section 3517.63(b), the addendum to the current contract (attached) is submitted for the Committee's consideration and recommendation. This addendum provides salary increases for teachers employed in the Juvenile Justice Division of the Department of Corrections and Rehabilitation.

This agreement is the result of the Bargaining Unit 3, 2006-2008 Memorandum of Understanding, Article 23.12, Salary Schedule Re-opener. This Article was agreed to pursuant to a court order in the lawsuit *Farrell v. Allen* requiring the State to develop and implement detailed remedial plans to provide all wards in the California Youth Authority (now called the California Department of Corrections and Rehabilitation, Division of Juvenile Justice) with adequate and effective care, treatment and rehabilitation services. The court order mandates the State to annually review the compensation of the teachers in comparison with the County Office of Education. The salary schedules the State negotiated vary by county, so that each youth authority facility offers a package that is competitive with local rates.

Upon approval of the Legislature, the new salary schedule will be effective on the first day of the 2007-2008 academic school year, August 6, 2007. DPA has been informed that funding for this salary increase is provided by Proposition 98 monies that have been included in the department's FY 07/08 budget.

If you have any questions, please contact Pamela Schneider, Legislative Coordinator, at (916) 327-2348.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Gilb', with a stylized flourish at the end.

David A. Gilb
Director

New treatment programs that include specialized or restricted settings shall incorporate adequate funding for each student's access to education based on the above pattern.

The CEA teachers' and specialists' total compensation shall be based on the total compensation paid to teachers and specialists, respectively, by the County Office of Education (COE) where the institution is located. The COE's teachers' and specialists' total compensation, calculated on a daily rate basis, shall be used as a basis of comparison to calculate an annual recruitment and retention (R&R) differential. This R&R differential shall be paid only to teachers and specialists who complete the academic year. An annual Academic Calendar shall be developed and approved by the Director of CYA. CYA/CEA management and supervisors shall be trained on the new Academic Calendar and School Day Schedule process and implementation. This shall be implemented pursuant to the Dills Act. This R & R differential also may be applied to Assistant Principals and Principals as necessary.

The Department, Agency and Administration support inclusion, maintenance and on-going use of resources in the state budget for education staffing that ensures student access to quality education. The Superintendent of Education will ensure that all instructional staff are appropriately assigned by the credential(s) they hold by aligning credentialed staff and course of study, negotiating the impact with CSEA and recruitment to fill positions by credential content areas. This is a continuing effort started in 2004 through the School Improvement Review process. The steps to accomplish this are as follows:

- Principals ensure each credentialed staff have completed a credential survey by March 2005
- Principals identify any misaligned instructional staff and report to Superintendent of Education by March 2005
- Superintendent of Education develops a credential alignment plan for the Director
- Director approves alignment plan
- Labor Relations notices the employee representative
- Personnel notices the affected employees if appropriate
- Labor Relations negotiated the impact with the employee representative
- Alignment plan implemented

A recruitment plan is in place, the Superintendent of Education has selected two recruiters and contracts will be established as necessary for recruitment services to engage with college and university teacher preparation programs, placement offices, professional organizations, and to conduct career fairs. A continuous testing process is in place and applications are reviewed each month.

This will ensure that credentialed faculty is of sufficient quantity and credentialed in the specific content areas or special service areas to provide the required core content and supplemental services to ensure there is the capacity to provide access. CEA must
